Continued on Next Page

283 additional outpatients had laparoscopic gallbladder removals at other freestanding ambulatory surgery centers. 38 additional outpatients were coded as having open gallbladder removals. These 321 outpatients are not included in this table.

## Table Legend

< 5 = 1 to 4 patients

## State average hospital length of stay

Most outpatients stay less than 24 hours.  
A few may stay longer for observation.

**Level of Illness:** Not available for outpatients. Most outpatients probably have relatively simple gallbladder problems and straightforward laparoscopic gallbladder removals.

**Average Charge:** The average dollars for facility services for which patients were billed at a particular facility. The charge may include physicians' professional fees or patient personal costs.
